PROFILE

As an aspiring software engineering student with a strong foundation in programming languages like Java and PHP, I am actively seeking an internship opportunity that will allow me to apply and enhance my skills in a dynamic and collaborative work environment. Currently pursuing a Bachelor's degree in Software Engineering at the University of Malaysia Sarawak (UNIMAS), I am passionate about contributing to innovative projects and gaining practical experience while learning from experienced professionals. With a keen interest in web development, software development, and artificial intelligence, I am eager to bring my enthusiasm, technical proficiency, and commitment to excellence to a software engineering internship.

KEY COMPETENCIES

Software Development	Mobile Development	Communication skill
Web Development	Project Management	Android Studio
UI & UX	Continuous Learning	Teamwork
Canva	Visual Studio Code	Problem Solving

Programming Languages: Java, C ++, PHP, HTML, CSS, JavaScript, MariaDB, MySQL, Bootstrap

LANGUAGES

- Malay - Proficient
- English - Conversational
- Mandarin - Conversational
- Japanese - Basic

WORK EXPERIENCE

Multiplus Computing Sdn. Bhd

Sales Assistant

July 2021 - August 2022

After my internship, I will continue working as a full-time sales assistant, focusing on business sales, customer service, and marketing.

- **Team Collaboration:** Work closely with the sales team to achieve collective goal and improve sales technique.
- **Marketing Initiatives:** Developed and executed marketing strategies to promo the computer shop, including social media campaigns.
- **Laptop Sales:** Successfully managed the sales of laptop, achieving a year sales target of 60% on average.

Multiplus Computing Sdn. Bhd

Computer Repair Technician (Intern)

March 2021 - July 2021

During the internship period as a computer technician, I gained experience in repairing laptops, configuring new hardware, installing and updating software packages, and creating and maintaining computer networks. My focus was on diagnosing, repairing, and maintaining systems.

- Diagnosed and repaired hardware issues for desktops and laptops.
- Assisted with system upgrades and preventive maintenance.
- Maintained detailed repair records and documentation.

DIPLOMA FINAL YEAR PROJECT
KiRa • Creative Project (web Application)

July 2020 - November 2020

A web application for final year students to upload project proposals and examples for junior students at Polytechnic Mukah, Sarawak, providing guidance and ideas through the system.

- **Front-end** : HTML, CSS, Bootstrap, JavaScript
- **Back-end**: JSP, MySQL
- **Software Tool**: NetBeans, XAMPP, MySQL Workbench

EDUCATION

UNIVERSITY OF MALAYSIA, SARWAK (UNIMAS)
Bachelor of Software Engineering (Honours)

October 2022 - 2026
CGPA : 3.75
